Dear All,

**RE: POA Courts, City of Toronto
NORR Project No. 01058-0001
Old City Hall**

On behalf of myself and NORR Limited, I'd like to thank you for the effort both you and Rodrigo displayed in getting the Toronto Courts Project at Old City Hall constructed. We knew from the beginning it would be a challenge to complete the project on time while working around the occupants and being sensitive to the historic nature of the existing building, but you were able to "get the job done" while still keeping the users happy. The project may have been complicated but you managed to keep the atmosphere on-site and in meetings, both pleasant and productive. Now we have a new challenge at 1530 Markham Road where your skills will be put to the test getting the Project completed in a very tight time frame.

Once again, thanks for your efforts in the past and I look forward to our working together again.

Yours very truly,

NORR LIMITED
