DIXON CONSTRUCTION LTD.

Attention: John Andreoli

Re.: Rockcliffe MS, Classroom Modifications

Dear Mr. Andreoli:

This letter is to thank you for your great performance completing the above project on schedule and budget. Completing the project before school opening was a great challenge for all bidders, and M. J. Dixon Construction made sure that the project was completed within the stipulated deadlines.

I would like to extend my appreciation to your construction team for coordinating and cooperating with the school representatives, preventing any impact of the project on the school operations.

Based on the performance of M. J. Dixon Construction on the above project, I will be looking forward to invite them on future general contracting tenders issued by my department.

Best Regards,

Mario R. Torres, P. Eng.
Toronto District School Board
