Dear John,

We would like to take the opportunity to commend your efforts and commitment to the construction of the HUSAR facility. Working as a team, Adnan Hashmi and Ezzio Divona were exceptional in thier ability to maintain the progress of the work and effectively deal with issues as they arose. At all times, Mj Dixon conducted itself in a professional manner and showed a genuine interest in contributing the the overall success of the project.

We would have not hesitation in working again with MJ Dixon in the future.

Sincerely,
